Welcome to Relight - Collection, Recycling and WEEE Treatment Is a pioneer in the collection, recovery and treatment of Waste Electrical and Electronic Equipment (WEEE), with EMAS registration since 2005.. There is one more common quality though - almost all of them are broken The goal here is to address these issues and and make all lights more realistic and unique.. Only lights, available at the moment of the first workshop DLC release are covered for the time being.

Some lights will no longer consume power, some will no longer require wire connection at all.. • Fluorescent ceiling lamp reflector will no longer appear dark, like it recieves no light.. Nov 10, 2017 Read reviews, compare customer ratings, see screenshots, and learn more about Relight - Better Photos.. The list of the affected lights so far: • lightbulb • string of lighbulbs • blue table lamp • yellow table lamp • fancy wall lights (both of them) • cage wall light • hightech wall lights (both of them) • hightech ceiling light • track lights (all three) • subway light (warm&cold) • fluorescent light (warm&cold) • industrial wall light • street lights Vanilla game issue fixed: • Subway lamp tubes will no longer glow in unpowered state.. So they all would have a slightly different usage Some of the lights were revorked completely, others only recieved adjustments of their radius, intensity and temperature.
